

MOHAMMAD ALTAF DAR, Ph.D.

 Jaipur, Rajasthan India

 +91-9596423437

 altafdar1987@gmail.com

 <https://www.linkedin.com/in/altafdar>

PROFESSIONAL PROFILE

A dedicated and accomplished Academic Professional and Researcher with over 8 years of experience specializing in Computer Science and Information Technology. Demonstrated expertise in Software Reliability Modeling, Data Structures, Algorithms, and advanced programming languages (C, C++, Java, R). A proven track record of published research, curriculum development, and student mentorship. Recognized for research excellence with consecutive Young Scientist Fellowships. Passionate about leveraging innovative pedagogical methods to foster academic growth and research innovation.

- **Research & Development:** Software Reliability Growth Models (SRGMs), Fault Detection Algorithms, AI/ML Integration in Software Engineering.
- **Academic Leadership:** Curriculum Design, Thesis Supervision, Student Mentorship, Laboratory Modernization. Academic Head
- **Technical Proficiency:** C, C++, Java, R-Programming, MySQL, Software Engineering, Operating Systems, DBMS.

PROFESSIONAL EXPERIENCE

Assistant Professor | CollegeDekho, Jaipur, Rajasthan | April 2025 – Present

- Deliver advanced undergraduate and postgraduate lectures in Programming (Java, C, C++), Operating Systems, and Database Management Systems (DBMS).
- Mentor and supervise student research projects and thesis work, guiding them from conceptualization to completion.
- Achieving improved research output
- Spearhead the development and modernization of course curricula and lab modules to align with current industry standards.
- Guided multiple postgraduate research projects with successful defenses.

Assistant Professor | Jagannath University, Delhi | March 2024 – April 2025

- Instructed courses on core computer science subjects including Data Structures, Operating Systems, Programming Languages, and DBMS.
- Provided expert guidance on student research initiatives, fostering a culture of academic inquiry and innovation.
- Contributed to academic excellence by creating comprehensive course materials and enhancing laboratory-based learning experiences.

Lecturer cum Assistant Professor | Government Degree Colleges & Universities, Jammu & Kashmir | 2015 – 2023

- Held teaching positions at multiple prestigious institutions, including University of Kashmir, Islamic University of Science & Technology, Government Degree College Doru (Anantnag) and Government Degree College for Women (Anantnag),
- Consistently engaged in teaching a diverse range of computer science courses to undergraduate students.
- Played a key role in academic administration and student development across various interim assignments.
- Led ICT adoption in teaching, increasing digital literacy among students and staff.
- Taught diverse computer science subjects across multiple sessions to undergraduate cohorts of 150+ students.

EDUCATION

- **Ph.D. in Computer Science** | Jiwaji University, Gwalior, India | 2016
- **Bachelor of Education (B.Ed.)** | University of Kashmir, India | 2022
- **Master of Computer Applications (M.C.A.)** | Madhav Institute of Technology & Science, Gwalior, India | 2011
- **Bachelor of Computer Applications (B.C.A.)** | University of Kashmir, India | 2008

CORE COMPETENCIES

Technical Skills

- **Programming Languages:** C, C++, Java, R, Python
- **Databases & Tools:** MySQL, MS Office, Visual Studio
- **Domains:** Operating System, Algorithm, Data Structure, Software Engineering, DBMS
- **Other Skills:** Research Methodologies, Academic Writing, Student Mentorship

Domain Expertise

- Software Reliability Engineering
- Data Structures & Algorithms
- Software Engineering & Testing
- Artificial Intelligence (AI) Integration

Professional Skills

- Academic Research
- Curriculum Development
- Student Mentorship & Guidance
- Academic Writing & Publishing

AWARDS & RECOGNITIONS

- **Young Scientist Fellowship**, Madhya Pradesh Council of Science & Technology (MPCST) | 2015, 2016
- **Reviewer**, 2nd International Conference on Advanced Network Technology & Intelligent Computing, BHU | 2022
- **Certified in JAVA SE & JAVA EE**, Santosh Technologies, Hyderabad | 2011

SELECTED PUBLICATIONS & CONFERENCES

Journal Articles:

1. "A Generalized Software Reliability Growth Model with Different Severity of Faults" – International Journal of Applied Studies, 2014
2. "Software Reliability Growth Model with Varying-Time Fault Removal Efficiency" – International Journal of Science and Research, 2015
3. "Testing Effort Dependent Software Reliability Growth Model with Dynamic Faults" – International Journal of Computer Applications, 2015
4. "Generalized Framework with Different Severity of Faults for Modelling Software Reliability Growth during Testing", -International Journal of Advanced Research in Computer Science & Technology, 2015
5. "Framework for Modelling Software Reliability Growth for Error Detection" – International Journal of Advanced Scientific Research and Management, 2018
6. "Barriers to Pre-Service Teacher's Utilization of Information and Communication Technology (ICT) in Higher Education: A Case Study of Various Colleges in the UT of J&K" - International Journal of Computer Science and Mobile Computing, 2020

Conference Presentations:

1. "Software Reliability Based on Architectural Approach" – 6th ICQRITITM, Delhi University, 2012
2. "Software Reliability Growth Model with Fault Removal Efficiency & Fault Introduction" – 30th MP Young Scientist Congress, 2015
3. "Framework for Modelling Software Reliability Growth Model with Dynamic Faults" – 31st MP Young Scientist Congress, 2016
4. "Integrating Hybrid AI with Software Reliability Models: A New Era in Fault Detection"- 12th National Conference "Recent Advances in Computer Engineering (RACE) 2025" M. E. S.'s Wadia College of Engineering, Pune

PROFESSIONAL DEVELOPMENT

1. National Training Workshop on ICT & Social Science Applications, Jiwaji University (2013)
2. National Seminar on Communication, Networks, and Computing, ITM University (2014)

3. One Week Workshop on Innovation Design Thinking & entrepreneurship, Sreenidhi Institute of Science and Technology, Hyderabad (June 2020)
4. International E-Seminar on Invent the Future, GNA University Punjab (May 2020)
5. Online FDP on Current Trends in Software Engineering Agile and DevOps, Kristu Jayanti College Bengaluru (April 2020)
6. Online NEP 2020 Orientation and Sensitization Programme, Central University Haryana (2025)

Key Projects & Research Contributions

- Developed advanced Software Reliability Growth Models for optimized testing and debugging.
- Conducted research on Software Failure Patterns & Debugging Strategies leading to improved prediction accuracy.
- Integrated Machine Learning techniques with SRGMs for fault detection in embedded systems.
